The Hudson-Mohawk Professional Geologists Association (HMPGA) was established in 1994 to provide an open forum to strengthen and advance the geological sciences. HMPGA fosters the open exchange of ideas and disseminates information regarding the geological sciences to the community. HMPGA is affiliated with the American Institute of Professional Geologists (AIPG) to help facilitate the exchange of information regarding professional activities on a state, regional and national level. Participants in the organization include working professionals from both the private and public sector; educators from colleges, universities, and high schools; and avid enthusiasts.
